I understand that all animals can be **harmful** and I come in and volunteer my time or services for **free** I do not expect anything in return besides the fun I will have being here. Knowing that birds can bite and scratch I waive the liability to Cage World or its employees for any personal loss or injury. Intls: \_\_\_\_\_ Prnt Intls: \_\_\_\_\_

We (those listed below) waive obligation of liability to Cage World Inc., in case of any injury or loss that we may or may not experience. We understand we are doing this on our own and it is a volunteer basis and is at my own risk – nothing more.

We are really excited to meet you and start teaching you all we can about different birds and how to care for your own pets. Just follow the rules and we will have lots of fun together and we will reward everyone that does a great job.

Sincerely: Cage World

P.S.

Being a volunteer at a pet store does count as experience towards a future job and also college classes, so we do expect the best out of all our volunteers. These rules are to keep everyone safe in our store as well as teaching responsibility. Breaking these rules could lead in some one getting injured. If these rules are broken then we can't have you at the store and you won't be aloud to volunteer any longer. We greatly appreciate your help and look forward in having you here at Cage World.

THANKS, The staff at Cage World!!!
